Analytics & Delivery	Mixpanel, PostHog, Amplitude, SQL, Figma, Linear, Jira, LaunchDarkly, Segment

PROFESSIONAL EXPERIENCE

Lead / Senior E-commerce Product Manager | Hyperion Intelligent Systems *(2023 – Present)*

- Spearheaded product discovery and sprint execution for an 8-person cross-functional engineering and UX squad.
- Lifted core North Star activation rate by 34% and reduced onboarding drop-off by 27% through iterative hypothesis-driven experiments.
- Authored 20+ production-grade PRDs with rigorous edge case acceptance criteria, zero scope creep, and seamless GTM delivery.
- Partnered directly with enterprise sales and customer success to secure $3.2M+ in expansion ACV across core target accounts.

Product Manager | Aegis Digital Solutions *(2020 – 2023)*

- Managed the end-to-end delivery lifecycle across web and mobile platforms, running continuous bi-weekly sprint cadences.
- Designed and executed 40+ multivariate and A/B tests in collaboration with data science, unlocking a 22% improvement in trial-to-paid conversion.
- Conducted 60+ customer discovery interviews following The Mom Test methodology to define MVP scope and reduce time-to-value.

EDUCATION & CERTIFICATIONS

- **B.Eng. in Software Engineering** — Academic Honors
- **Credentials:** Reforge Product Strategy Alum | Pragmatic Institute Certified (PMC-III)
